All of the teachers claimed that the project had helped them to improve their methodological approach in teaching.

Will you continue using the activities and Web 2.0 tools you have learnt during the project? *

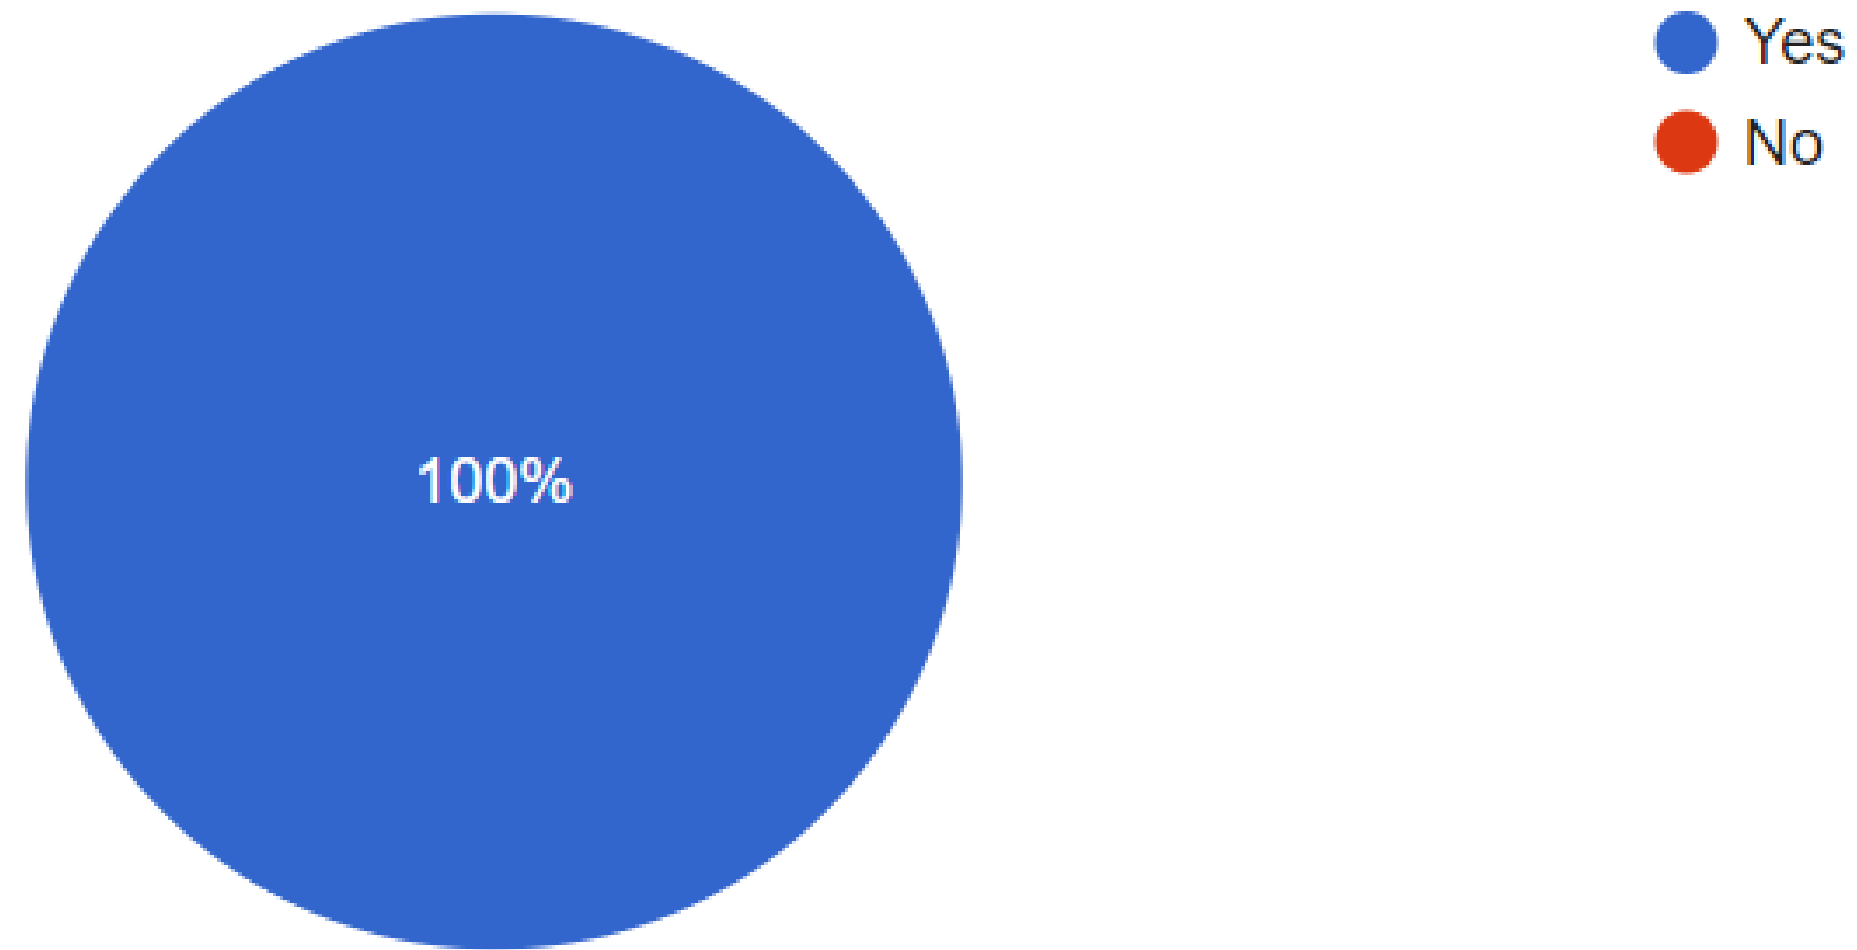

5 odpowiedzi

All the teachers said that they would continue using the activities and Web2 tools in the future

Had the project a positive impact on your school community?

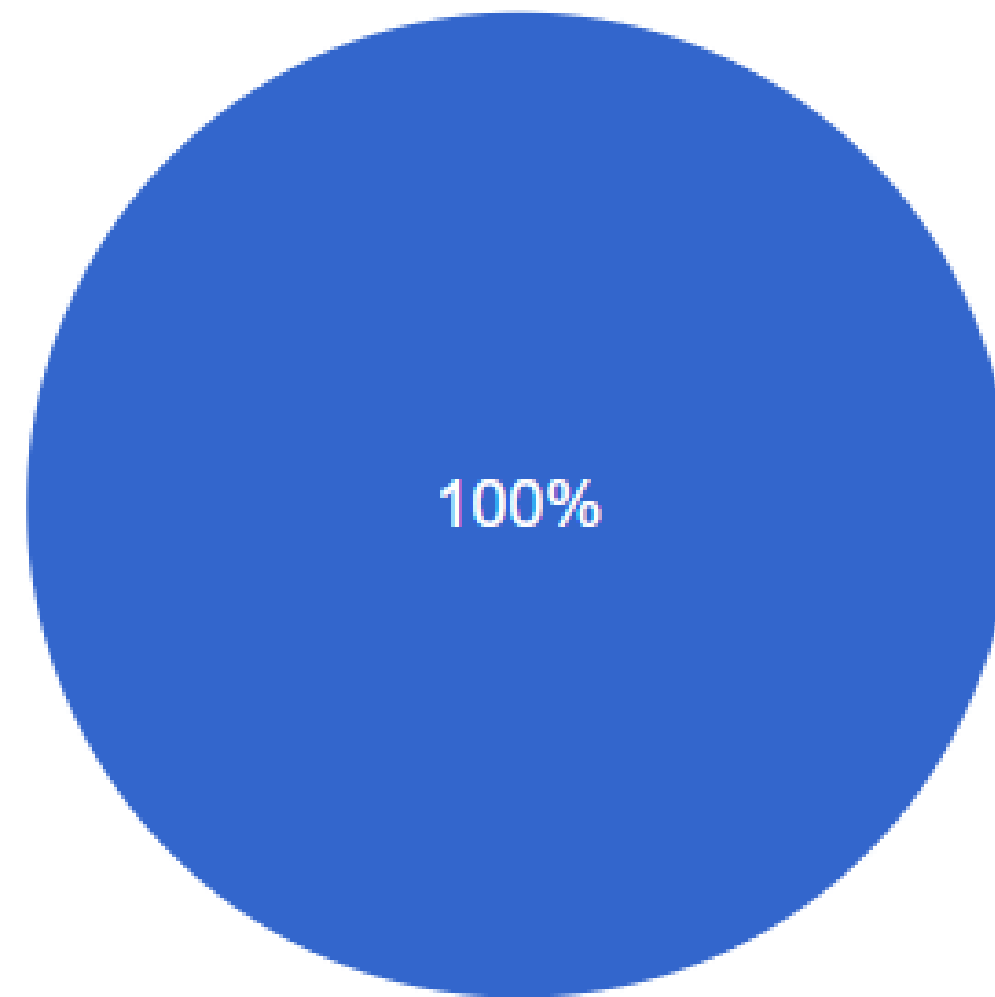

5 odpowiedzi

All the teachers answered that the project had a positive impact on their school community.

Do you think that the project's goals have been achieved?

5 odpowiedzi

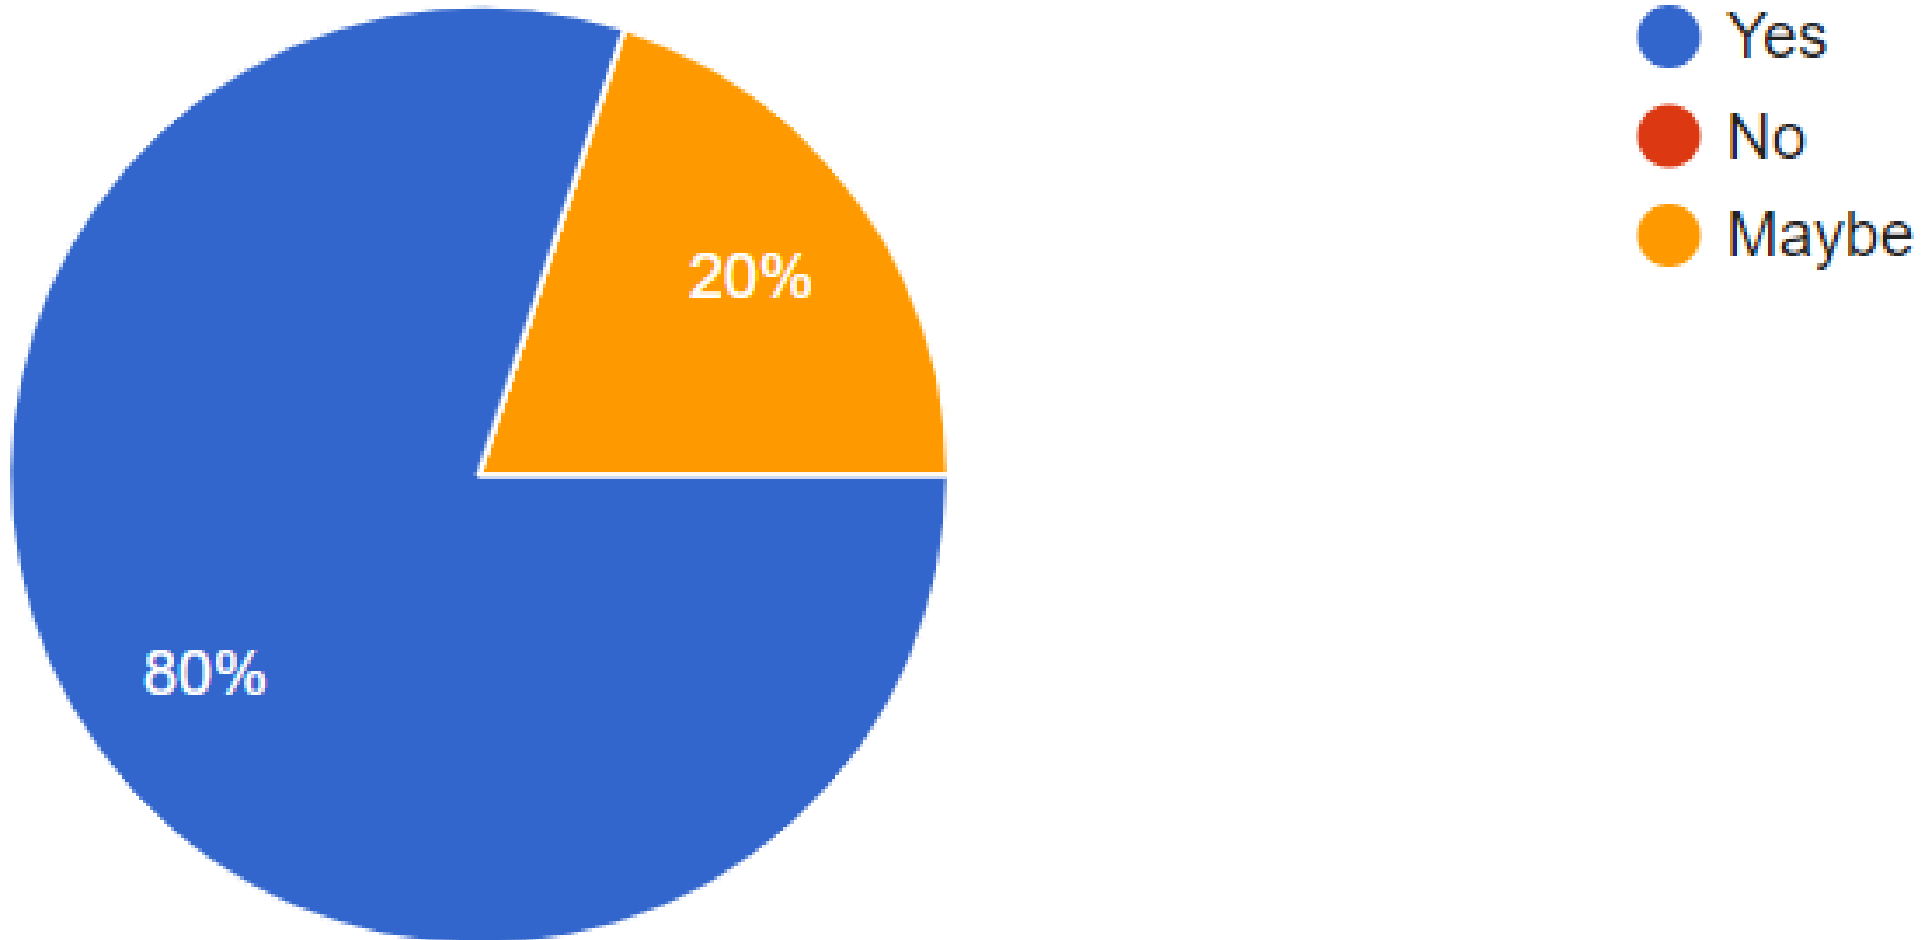

- Yes
- No

They also think that the project's goals have been achieved.

Would you like to join another eTwinning Project in the future?

5 odpowiedzi

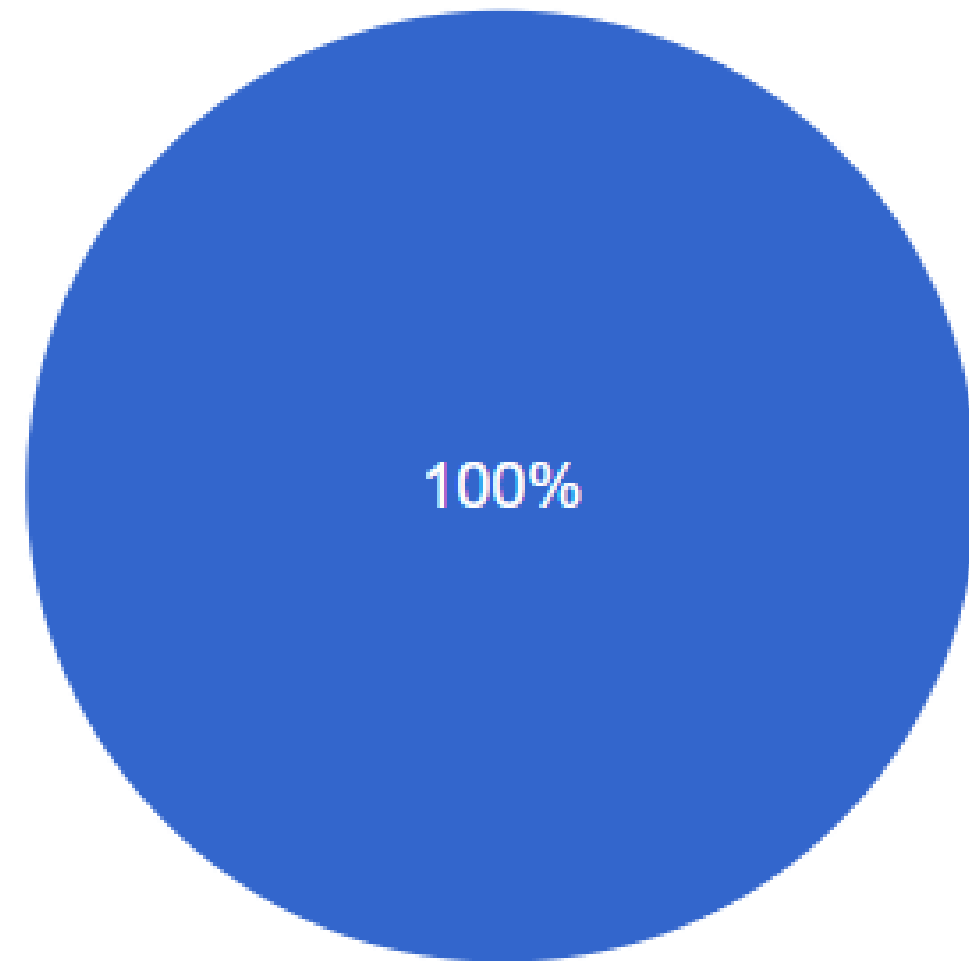

Four teachers want to join another eTwinning project in the future. One of them is not sure.

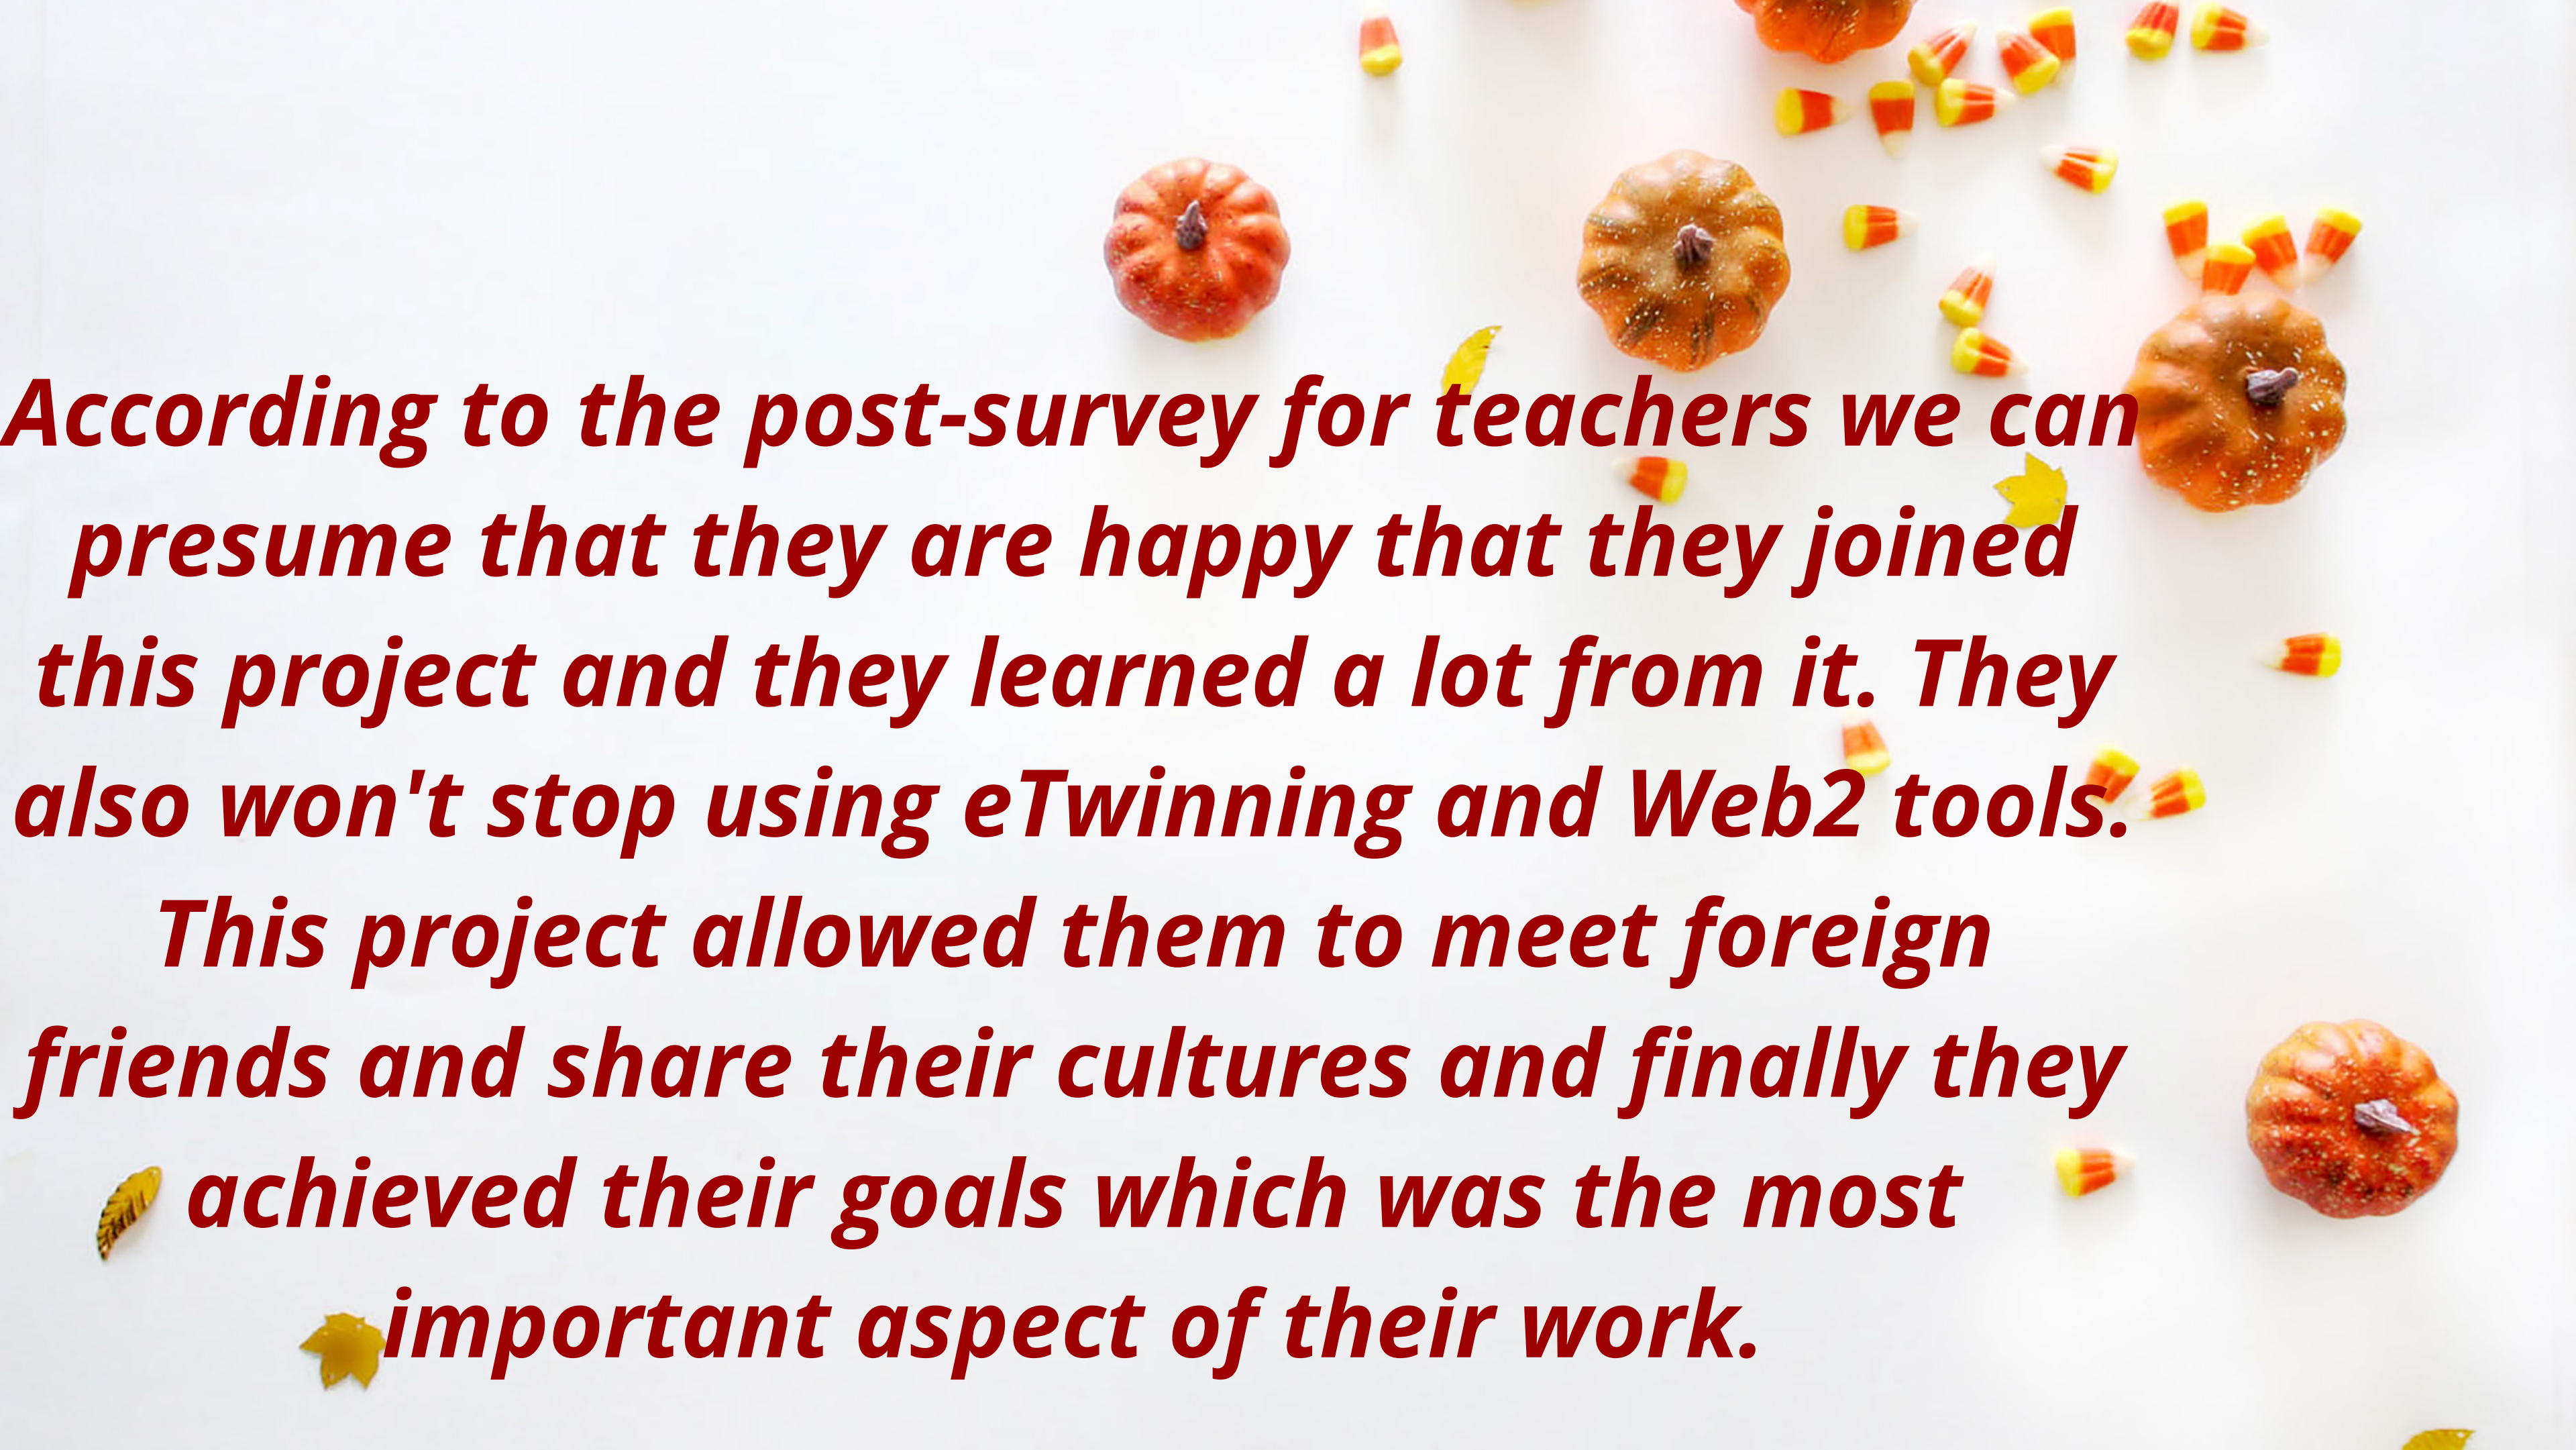

Would you recommend eTwinning projects to another teacher?

5 odpowiedzi

- Yes
- No
- Maybe

All of the teachers would recommend eTwinning projects to another teachers.

The background is a light cream color, decorated with several small, realistic-looking pumpkins in shades of orange and brown. Scattered around the pumpkins are numerous pieces of candy corn, which are yellow, orange, and red. There are also a few small, yellow, dried leaves scattered throughout the scene.

According to the post-survey for teachers we can presume that they are happy that they joined this project and they learned a lot from it. They also won't stop using eTwinning and Web2 tools.

This project allowed them to meet foreign friends and share their cultures and finally they achieved their goals which was the most important aspect of their work.
